

# HR INSOURCING SERVICES

Your People. Our Expertise. One Scalable Solution

# About Us

**Proten International** is a leading international human resource and management consulting firm which provides a range of advisory and transformation solutions. Our focus is to align every organisation's activities relating to people, process and technology closely with its business strategy and vision.

Founded in 2010 in the United Kingdom, we have since expanded across Europe and Africa, serving clients across the public and private sectors and various industries including Banking, Oil and Gas, Insurance, Information Technology, Real Estate, Energy, FMCG, Manufacturing and many more.

In 2015, we launched our Africa office in Lagos, Nigeria and have since provided a range of tailored solutions to various organisations.

Our bespoke solutions cut across Learning and Development, Talent Acquisition, Outsourcing / Managed Staffing, Enterprise Transformation, Transactional Advisory and HR Technology.

Over the years, we have worked with a long list of clients both in Europe and Africa.

# What is HR Insourcing?

HR Insourcing is the outsourcing of your HR department to a dedicated team of professionals—offering expert, end-to-end HR management while you focus on your core business.

## Why HR Insourcing Matters for Startups & SMEs

### Cost-Effective

Avoid the overhead of full-time hires while accessing full-scale HR support.

### On-Demand Expertise

Get immediate access to seasoned HR professionals.

### Business Focus

We handle the people; you scale the business.

### Risk Reduction

Stay compliant with local labor laws and HR best practices.
